Dear Friends:

The following is a synopsis of the phone program that has been active in the Denver/Boulder area of Colorado over the past five months. This test has brought in more than 700 callers!

We'd like you to start a phone program in your area. Once you've read over the material and if you have any questions please do not hesitate to call us. We'll be happy to answer any questions.

Wishing you many blessings as you continue in your ministry for the kingdom.

In fellowship,

*Leslie Alana Thackeray*

JESUSONIAN® FOUNDATION

Dear...:

You may have heard of the outreach work of Andrea Barnes with a *Urantia Book* telephone message program. If you aren't familiar with Andrea's activities, she places classified ads in newspapers on a daily or weekly basis. After people read her ads they call her phone recorder and listen to a two minute taped message. At the conclusion of the message she invites people to leave their name for further information. Frequently she receives up to thirty calls a week.

After observing Andrea's success, we decided to do our own testing. Enclosed you will read five ads of a five week test. The ads, placed in the classified ad or Saturday religion section, appear in General Audience, College, and Yuppie newspapers. Within the next five or six weeks we'll have an idea of which ads in what types of newspapers draw the most response. Then we will readjust the test and try for another six weeks.

What do you think of this idea? What changes would you make? Are there messages and ads you would like tested? Would you be willing to write them? We feel there is a need for a Star Trekkie type ad, (i.e.) Humans like you live on many inhabited worlds. Is there life in the universe?, etc. How about an ad on love, family life, overcoming sorrow, or maybe one on prayer? Do you feel curiosity ads work? Example of a curiosity ad: Angels don't have wings they have friction shields. We are willing to do a test if you develop a good message lasting approximately two minutes for the recorder. If you do the writing, we do the rest.

Looking forward to hearing what you think. May the Spirit strengthen and keep you.

In the Spirit,

Mo Siegel

## News Brief 132 Calls in 14 days

April 13, 1990

Dear ...:

Over the past two weeks we have received **132** responses to two different ads placed in local newspapers. The most popular ad was "Add new dimensions to your self-esteem with *The Urantia Book*." This ad prompted eighty-seven phone calls over a seven day period. Last week we ran "Free yourself from fear," and received forty-six phone calls over another seven day period. As a result of the 132 calls, ten people left their name and address. We sent them more information on *The Urantia Book*.

The current test has been extended eight to twelve weeks. On the next page you'll see some optional ads.

Which three ads do you like best? Please put a (1) beside the ad you like best, a (2) beside your second favorite, and a (3) beside your third favorite.

Your vote is important. Please return your vote along with any comments as soon as possible.

Thank you so much and may our Heavenly Father bless you as you go about His work.

In the Spirit,

Mo Siegel

# Say walls of Jericho did tumble

"The correlation between the archaeological evidence and the biblical narrative is substantial."

Byrant G. Wood, archaeologist of the University of Toronto

As described in Joshua 6, Joshua's army marched around the city for a week, blowing rams' horns, and on the seventh day, combined shouting with the piercing horns, "and the wall fell down flat."

Wood noted that collapsed mud bricks were found outside a thick lower revetment wall where they had fallen, and apparently served as a ramp for the Israelites, described as go-

ing "up" into the city.

Also, the Bible relates the event occurred after spring harvest, and that the Israelites burned the city — both factors confirmed by the archeological remains, Wood said.

He said the siege of the city obviously was short as indicated by the large amounts of scorched grain found.

"The presence of these grain stores in the destroyed city is

entirely consistent with the biblical account," Wood wrote. "The city did not fall as a result of a starvation siege, as was so common in ancient times."

"Instead, the Bible tells us Jericho was destroyed after but seven days."

Wood noted that Jericho is situated in the Rift Valley, an

unstable region where quakes are frequent, and suggested a quake could have caused both the tumbling and also temporary blockage of the Jordan river.

"It's kind of naive for Kohl to suggest, 'Trust me on this,'" Hier said. "There's no reason to expect that trust."

Hello. Thanks for listening to this two minute message. When the message finishes, please leave your comments, we're interested!

Are angels real? You bet angels are real. Billions of them live throughout the inhabited universes. *The Urantia Book* says the Heavenly Father created many types of angels such as archangels, seraphim, guardian angels, and more. Their tasks vary from teachers, councilors, mathematicians, historians, humorists, artisans, governmental coordinators, and jobs you and I have never heard of before.

God is infinite, we are finite. Angels, one distinct order of beings, range between God and man. They've never been human and never will be. In turn, humans aren't angels and won't ever evolve into angelic beings.

*The Urantia Book* describes that guardian angels watch over us. These angels can draw close to you, facilitate your personal growth, and bring new opportunities into your everyday life. Your seraphim guide and guard you, not judge you. They don't meddle in your decisions, tell you what to do, or take away your free will.

Angels understand your thoughts and your feelings. This order of personalities is similar enough to humans that they want your friendship, sympathize with your struggles, laugh at your jokes, and rejoice in your accomplishments.

When you die, your guardian angel will safely deliver you to the heavenly mansion worlds. During near death experiences certain people have reported seeing these magnificent beings. The wings associated with angels are actually friction shields designed to deflect the energies of space.

Seraphim stand by your side when you leave this world and then greet you in the next. They will help acquaint you with your new life. If you choose to survive, your guardian angels will go through eternity with you.

This story of angels barely scratches the surface of comforting thoughts and new ideas in *The Urantia Book*. This new revelation is available in libraries and bookstores. By helping you realize that you're doing a lot better with your life than you give yourself credit for. *The Urantia Book* says that "even though you may be an adult you're still literally a child of God's." Chances are you're doing exactly what you were meant to be doing. You're growing, developing, and finding your way in a frequently difficult world.

God loves you and understands that you're still maturing, no matter what age you might be. And when you feel that love, and the value that God places on you, your self-esteem will begin to grow dramatically.

Hello. Thanks for listening to this two minute message. When the message finishes, please leave your comments, we're interested!

Some people believe that nothing new will ever happen to religion. Those that have read the life and teachings of Jesus in *The Urantia Book* know something new and profound has just happened.

If you are interested in Jesus, it's time you find out about *The Urantia Book*. The last 776 pages is a complete biography of his life. This narrative spans from his birth in Bethlehem to his death in Jerusalem. The authors describe his childhood, his struggles to overcome teenage problems, his travels and adventures, and his fascinating episodes of personal and public ministry.

Why look into *The Urantia Book* instead of being solely content with the New Testament? Because *The Urantia Book* has forty times the information the Bible has on Jesus' life and teachings. In the Bible Jesus is well known for several sermons and parables. In *The Urantia Book* you will read more than 65 of his parables as well as his life changing discourses on love, forgiveness, and much more.

While *The Urantia Book's* presentation frequently corresponds with the Bible, it stands unique with its portrayal of Jesus emphasizing the religion of Jesus rather than the religion about Jesus. If you love Jesus as portrayed in the Bible, you will gain an even greater admiration and understanding of him from *The Urantia Book*.

In *The Urantia Book* you'll see Jesus portrayed as a strong and courageous man. His sincerity, warmth, good cheer, love of people, and devotion to truth are an inspiration for all ages. Jesus was a perfectly unified human personality and today, as in Galilee, he unifies life, ennobles character, and simplifies experience.

But don't let me sway you. Be skeptical, get the book and look for yourself.

*The Urantia Book* is readily available in libraries and bookstores. For more information please leave your name and address and we'll immediately send you free printed literature. So take the step, broaden your beliefs, try something new. Thanks for calling. May the spirit guide you.

**AD: Free yourself from fear! For a free taped message on *The Urantia Book* call 447-2822.**

Hello. Thanks for listening to this two minute message. When the message finishes, please leave your comments, we're interested!

Fear, that master of intellectual fraud, can prevent you from being the creative, happy, and productive person you want to be. Don't let that happen to you. You deserve a better life than that.

I would like to share this story from *The Urantia Book* with you. It is one of many on the subject of fear.

One day Jesus was walking in the mountains and came upon a young man who was afraid. This youth was sitting on a hillside, afraid to face the world. He was suffering from fear, sorrow, and defeat. Although young, he had experienced many disappointed hopes and lived a life of fear. After receiving an imploring look for help from the young man, Jesus said, "My friend arise. Stand up like a man. You may be surrounded with small enemies and be retarded by many obstacles. But, the big and real things of this world and the universe are on your side. The sun rises every morning to salute you just as it does the most important and prosperous man on earth. You could do great things if you would hasten off to where great things are waiting to be done. You are trying to run away from your unhappy self but it can't be done. You and your problems of living are real. You can't escape them as long as you live. But look again. Your mind is clear and capable. Your body has an intelligent mind to direct it. Set your mind to work to solve it's problems. Teach your intellect to work for you. Refuse to be dominated by fear like a unthinking animal. Your mind should be your courageous ally in the solution of your life

problems rather than your being, as you have been, it's abject fear slave and the servant of depression and defeat.

Jesus further said, "This day my son you are to be re-established as a man of faith, courage, and devoted service to man, for God's sake. Henceforth will your whole life become one of victorious accomplishment. Troubles will invigorate you, disappointment will spur you on. Difficulties will challenge you and obstacles will stimulate you. Arise young man. Say farewell to the life of fear and cowardice. Hasten back to duty and live your life in the flesh as a son of God; a mortal dedicated to the ennobling service of man on earth and destined to the superb and eternal service of God in eternity."

*The Urantia Book*, readily available in libraries and bookstores, also contains 776 pages of the life and teachings of Jesus. For more information about the book and study groups in your area please leave your name and address and we'll immediately send you free printed literature.
