NUMBER OF PAGES (including cover sheet): 1

REMARKS:

Dear Peggy:

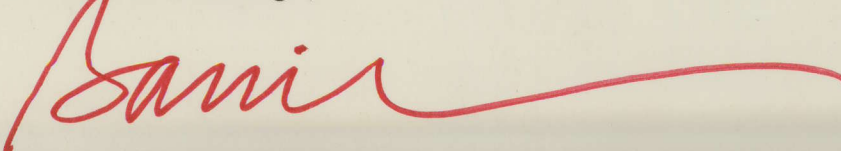

Congratulations on the Good Cheer Press catalog! It is truly outstanding and a great service to the reader-believers. We must all intensify our efforts now that Urantia Foundation is openly undermining the Revelation.

Monday evening (Nov. 12) I'm speaking to a group in Santa Ynez about The Urantia Book (fallout from a radio interview a couple of months ago). The leader of this group of truth seekers asked me to bring lots of Urantia Books, as a number of folks in her group have expressed the desire to purchase copies.

Sadly, as you know, C.U.B.S. has been unable to obtain copies since July. So, my question is, can you fulfill orders for these good people if I send you a consolidated order?

Please FAX me your answer.

Love and blessings,

P.S. A reply to your October 26 letter is forthcoming.

Please use black ink.
