Is The Universe Inhabited?

"Your world, Urantia, is one of many similar inhabited planets which comprise the local universe of *Nebadon*. This universe, together with similar creations, makes up the superuniverse of *Orvonton*, . . ." 1:5

"Your planet is a member of an enormous cosmos; you belong to a well-nigh infinite family of worlds, but your sphere is just as precisely administered and just as lovingly fostered as if it were the only inhabited world in all existence." 183:1

"The myriads of planetary systems were all made to be eventually inhabited by many different types of intelligent creatures, beings who could know God, receive the divine affection, and love him in return. The universe of universes is the work of God and the dwelling place of his diverse creatures." 21:2

"The enlightened worlds all recognize and worship the Universal Father, the eternal maker and infinite upholder of all creation. The will creatures of universe upon universe have embarked upon the long, long Paradise journey, the fascinating struggle of the eternal adventure of attaining God the Father." 21:3

"Seven superuniverses make up the present grand universe, consisting of approximately seven trillion inhabitable worlds. . ." 166:8

"There is in the mind of God a plan which embraces every creature of all his vast domains and this plan is an eternal purpose of boundless opportunity, unlimited progress, and endless life." 365:3

Sow a Mustard Seed, Pray it Grows

★ Have you found yourself in one of these situations?

★ You just left a dinner party where the topic of conversation centered on world peace. You expressed your ideas. Two people's interest peaked when you spoke of the virus of national sovereignty. Then you mentioned *The Urantia Book*. They nodded with interest, but the conversation drifted onto another topic.

★ Your friends just lost their third job in a year. Their rent is overdue. The phone company disconnected their line. They turn to you for encouragement.

★ "I'd like to believe in religion, but it conflicts with the facts of science" says an acquaintance at work. The coffee break ends and you're back at your desk. The rest of the day you ask yourself, "How could you subtly introduce *The Urantia Book* without coming across as a religious fanatic?"

★ "Got any tips on marriage?" inquires your newly-engaged neighbor. "I've never been married and want mine to work." What do you say? Obviously, a 2,097 page book isn't what she wants.

Sow seeds of truth while the soil is fertile. Don't let magic moments slip by you. Mustard Seeds—Don't leave home without them!!

The key benefits of using Mustard Seeds are:

- They make excellent inserts into wedding, sympathy, friendship, Christmas, and other greeting cards.
- You'll minimize misunderstandings and maximize results by allowing the powerful words of *The Urantia Book* to answer people's questions.
- You'll overcome that "What to say" fear by having carefully researched answers at your finger tips. Give a Mustard Seed, then let the Spirit go to work!
- You'll communicate in less time, with more spiritual impact, and with greater inner confidence.
- Mustard Seeds are inexpensive, attractive, and appropriate for a wide variety of people.
- Many of your deepest questions will be answered. Simultaneously you'll become a master at answering life-transforming questions.

Eighteen Mustard Seeds in all. Order by individual titles:

You'll Picture the Universe

Byron's provocative and beautiful full-color universe art print series and his picturesque postcards.

Brilliantly colored, conceptually provocative, and dramatically interpreted, American artist John Byron brings the heavens to life. After extensive consultation with many longtime readers, Byron created four universe studies. Each inspiration of art, conceived from *The Urantia Book's* description of the heavens, has been turned into a color-corrected, offset, lithographic art print and, by popular request, into postcards.

The Central Universe

From the perimeter of the enormous billion perfect Havona worlds, your eye passes to the 21 Sacred Spheres of Paradise, magnificently silhouetting the Eternal Isle of Paradise, the center of hope and glory. Byron's full color lithograph of the Central Universe, resplendent in a dazzling symphony of colorful design, can be your constant reminder of times to come. It will gracefully decorate your home, and you can take visual solace in the fact our Father promises, "This can be your destiny."

The Master Universe

This full color art reproduction conceptualizes the master universe, including the Isle of Paradise, Havona, the seven superuniverses, and the outer space levels. This illustrated exploration of the heavens essentially expresses the administrative plan of universe organization. Byron's panoramic commentary, aesthetic in nature, gives you a feel and sense of where you are astronomically and where you are going.

Local Universe Headquarters

"You begin over there right where you leave off down here" says *The Urantia Book* on page 533.5. After physical death on earth, sleeping survivors will be resurrected on the Mansion Worlds, seven of the fifty-seven specially-designed architectural worlds making up our local system headquarters.

Inspired by the worlds to come, Byron painted the pattern of these real worlds. Triumphant in the promise of eternal life, this full-color art reproduction will remind you of a higher reality as you pass through this earth test of faith and struggle.

Dr. William S. Sadler, 1875-1969, considered to be the father of the Urantia movement, was a renowned psychiatrist and lecturer.

Evolution of the Soul

By Dr. William S. Sadler

Historically, outstanding leaders have risen to direct the stream of progressive thought and imagination. In every field of

Let the Concordex help you find your favorite quotes in *The Urantia Book*.

endeavor, compelling service has been the hallmark of the careers of people like Abraham Lincoln, Florence Nightingale, George Marshall, and Thomas Watson. One similarity these leaders held in common was their total love of their cause.

When you read the early history of *The Urantia Book*, one man's contributions tower above the human efforts which advanced the revelation. With little reward or recognition, the eminent psychiatrist Dr. William S. Sadler devoted many years of his life to the patient nurturing of the first readers of this wondrous book.

Sadler explores your soul's potential:

In the "Evolution of the Soul" you'll read ideas from *The Urantia Book* before its publication and copyrighting. This document was preserved by the Ayers Foundation of Lansing, Michigan. They generously granted publishing rights to the

Jessonian Foundation. "The Evolution of The Soul" is a speech delivered to the First Congregational Church in 1941. In Dr. Sadler's presentation he merges psychiatry with *The Urantia Book's* teachings. While this lecture preceded the book's first printing, Sadler had the *Urantia Papers* and was deeply influenced by them. In his discourse he clarifies the difference between your mind, soul, spirit, and personality, while exploring the nature and potential of your soul.

For historical purposes alone, "The Evolution of The Soul" is a must for your library. Along with Sadler's essay, you'll find photographs of him, his wife, and the early Forum of *Urantia Book* readers. Enjoy!

The Concordex™

of *The Urantia Book*

by Clyde Bedell

Remember your favorite quotes on prayer and worship in *The Urantia Book*? What pages were they on?

Chances are, like most other *Urantia Book* readers, you frequently refer to the big blue book for inspiration and guidance. But finding your way through 2,097 pages can be difficult and time consuming. It's tough because the revelation contains thousands of important facts and valuable truths.

Quickly getting to the heart of the matter is what Clyde Bedell's Concordex is about. The Concordex to *The Urantia Book* is an index and a concordance combined. With over 110,000 references it can facilitate your search for words, concepts, ideas, topics, and themes.

The Concordex has thousands of references on critical topics:

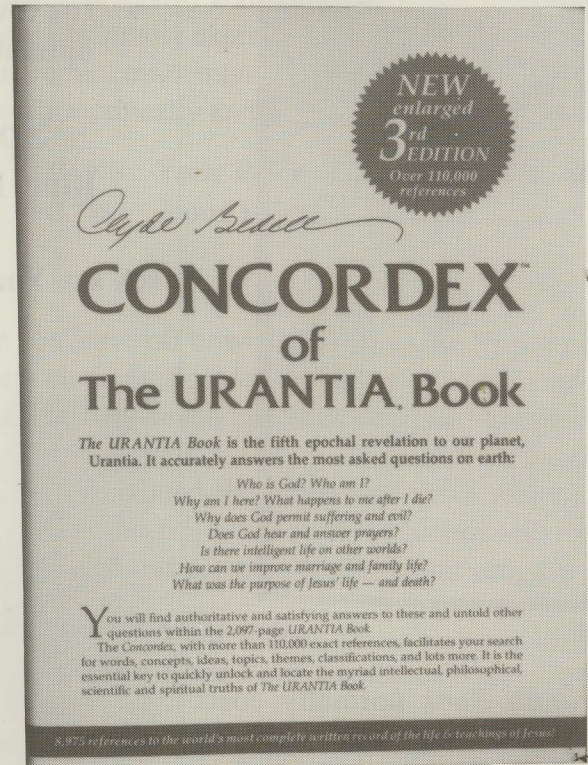

- 8,975 on the life of Jesus • 215 on love • 130 on suffering and evil • 70 on marriage • 105 on war and peace • 260 on prayer • 410 on faith • 105 on the Mansion Worlds

The Concordex can help you:

- Do topical readings and research on special subjects • Plan study group meetings • Find your favorite glimpses of truth and fact in the 2,097 pages • Introduce new readers to *The Urantia Book* • Discover new truths • Comfort those in crisis by showing them needed passages • Save valuable time and energy • Solve problems by finding and applying revelatory answers

Science and Religion

(The New Age beyond 2000 A.D.)

K.T. Glasziou M. Sc., Ph.D

Popular Item with Readers

If you have friends who are uncertain about the compatibility of scientific and religious knowledge, this book may help. *The Urantia Book* tells us on page 1139, "In the mortal state nothing can be absolutely proved; both science and religion are predicated on assumptions." Advanced thought in science and philosophy supports this view, undermining all grounds for conflict between scientific and religious truths.

The biblical accounts of the resurrection and the claims of Jesus are examined in the light of new definitions of knowledge and truth and a core of belief is suggested having the potential to unite Christians in brotherhood with men and women of all religions in the worship of the one Father-God who is Love.

Finally, a short review of *The Urantia Book* extols the quality and universality of its teachings, and appraises its revelatory claims including mention of several of its many prophetic statements on matters of science that were unknown at the time of publication of the book and which were, in part, responsible for the author's acceptance of those claims.

by Troy R. Bishop

A study of space, time, Deity, and the multi-levelated nature of universe reality based on concepts in *The Urantia Book*. Have you ever wished you could see the patterns hidden in the amazing information that fills the pages of *The Urantia Book*?

The revelators wrote that they left many things unsaid because of a lack of available human concepts and to encourage human speculation.

Now, after twenty years of contemplation, Troy R. Bishop has developed a unique set of *Urantia Book*- related concepts to assist you in your study of the Revelation.

Written with originality of thought and beauty of expression, *Starwind* is a must for the serious student of *The Urantia Book*.

- Starwind will help you:**
- Comprehend the complex teaching of *The Urantia Book*
 - Glimpse the laws behind the phenomena described in *The Urantia Book*
 - Conceive the nature of time and space
 - Comprehend the timeless, spaceless lifestyle of eternity

Angels All Around Us Coloring Book

By Patrick Yesh and Kaye Cooper

Angels are very close to you and to your children. Wouldn't it be exciting for your children to develop a sharper sense of angels' presence? The **Angels All Around Us Coloring Book** was designed just for that purpose. Children will need to look with spiritual eyes to find the angels hidden in the drawings. These angels include cherubim, sanobim, guardian, and transport seraphim.

This coloring book is for all the children in your life, including nieces, nephews, and grandchildren. And, don't forget the kid next door! Hopefully the children's creative imaginations will be stimulated along with their budding relationship with their angels.

Patrick Yesh has taught art privately and in the education system. With the assistance of his angels, his creative family, Kaye Cooper, and Jesusonian Foundation, this first angel coloring book is now available to kids of all ages.

The Family Meeting Handbook

by Robert Slagle, Ph.D.

Modern family life hangs in the balance between destructive pleasure mania and the lures of a higher civilization. The revelators saw this crisis and gave us guidance: Family LOVE is the corner stone of civilization and its only hope of survival; the noblest of all human achievements is the raising of a good family; and our society would greatly improve if we used family councils.

The Andites used family council meetings and so did Jesus.

This discovery in *The Urantia Book* led family psychologist Dr. Robert Slagle to teach and assist families in the positive practice of family councils for the last 18 years. His latest book, *A Family Meeting Handbook*, is filled with practical "How To's" of successful meetings.

If you've not had family council meetings, start now. Practicing this proven step by step system for increasing family teamwork will bring lasting positive results. Best yet, it works for all types of families, including single parent families and shared custody families.

David Zebedee and Ruth

by Helena Sprague

Helena Sprague, a long time *Urantia Book* reader, writes the first historical novel based upon real characters from *The Urantia Book*.

Her story re-enacts the romance and love between the unsung *Urantia Book* heroes David Zebedee and Jesus' loyal and loving little sister Ruth. Both characters play a unique role in *The Urantia Book* because of their complete trust in Jesus.

David Zebedee, the business manager of The Messenger corps, sent runners throughout the Roman empire to spread the truth of Jesus' resurrection. Meanwhile, the unbelieving apostles lay hidden away from the Roman soldiers, refusing to act upon first-hand reports of the Master's resurrection. Ruth, forever dedicated to her brother Jesus, watched teary-eyed from underneath the cross, loving and believing in Jesus then as she did throughout her entire life.

This book, based upon regional history for details of life style, religious practices, and family life and customs, enriches the reader with its picturesque settings of Jewish families in the Roman Empire.

When you read it, you may call this book historical, or you may fondly remember it as a love story. David Zebedee and Ruth married after the death of Jesus.

Friendship with God is a practical, inspiring, and altogether wonderful book on how to establish and enrich a genuine friendship with God.

It is full of down-to-earth examples that make the explanations come alive.

Illustrations:

Profuse illustrations differentiate **Friendship with God** from many spiritual self-help books. Almost every other page is graced with a poignant illustration captioned by a highlighted principle from the text. The picture and highlighted quotes would make an excellent book in themselves. They are a bonus "book-within-the-book."

Journal Entries:

At the end of each chapter, the authors have included a slice of their own spiritual lives—journal entries from their personal prayer journals. Through these entries, the concept of God as a friend comes alive. They make the book sparkle.

Friendship with God is one of those rare books that speaks directly to your soul. Read it and see for yourself.
