The Jesusonian Foundation

The Jesusonian Foundation is a non-profit organization devoted to the dissemination of the teachings of The Urantia Book and to serving the brotherhood of reader-believers. We accomplish these goals through seven primary functions:

Paula Thompson & Mary Ebben

- We strive to make The Urantia Book available to "whosoever will" be interested in reading it and help to make books available to those who cannot afford their own.
- The Urantia Book inspires people to create beautiful works and study aids of their own and we offer a way for them to share these works through our sales catalog, The Good Cheer Press.
- To help others to share, understand, and love The Urantia Book we publish many outreach and study aids.
- We serve and assist other Urantia Book organizations in many ways such as Booth Outreach, the Area Coordinators program, The Study Group Directory, book subsidies, the phone program, outreach development, and other special projects.
- We are constantly exploring new, creative, and effective ways of sharing The Urantia Book with individuals and groups and welcome all suggestions.
- We also must take care of a million and one business details from bookkeeping to window washing and our small (one full time and one part time) staff tries to do it all with a smile.
- We believe in our organization's good works and want to make a difference. We therefore dedicate our efforts to Jesus, in sincere hope that our world will someday reach it's goal of Light and Life.

THE URANTIA BOOK BASICS

by Mary Ebben

The *Urantia Book Basics* is an overview guide for new readers and young adults. The author's intention is to provide an easy to read, general understanding of the major concepts presented in *The Urantia Book* in order to encourage others to read "the big blue book". This was accomplished by condensing 146 Papers, designing a chronological format, introducing new terms only as they are defined, noting the *Urantia* Papers and pages for further reading and including questions, ideas and projects at the end to promote study group participation. "Basics" seeks to serve as a stepping stone for introducing those who believe they lack the time, intelligence, or depth to read *The Urantia Book*.

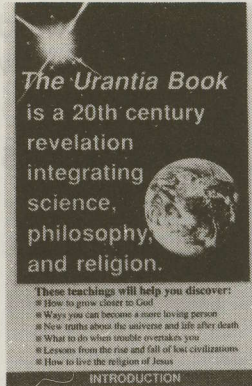

#080 Basics **\$8.00**

"Cherubim and sanobim are the faithful and efficient aids of the seraphic ministers. In all essential endowments cherubim and sanobim are similar to seraphim. They are wonderfully intelligent, marvelously efficient, touchingly affectionate, and almost human. They are the lowest order of angels, hence all the nearer of kin to the more progressive types of human beings on the evolutionary worlds."

THE LIFE AND TEACHINGS OF JESUS

by L. Preston Thomas

"The Life and Teachings of Jesus" is a restatement that is true to both the wording of the Bible and the teachings of The Urantia Book. Five years in the making, this 256 page (8½" x 11") book was created by putting together appropriate verses from the New Testament gospels of Matthew, Mark, Luke, and John. Guided by The Urantia Book, these Bible verses are combined to depict Jesus' life and teachings in chronological order from birth through death and resurrection. It is an excellent way for Urantia Book readers to better know and appreciate the truths of the Bible. For Christians it is the return to Jesus' original gospel of the kingdom and our next step in religious evolution.

ATTITUDES - IS YOUR SPIRITUAL CUP HALF-EMPTY OR HALF FULL?

by Mary Ebben

Completely revised 2nd edition offers a loving examination of Christian doctrine. God is our loving Father, we are **all** his children, and by faith we have eternal life may seem incredibly simple to Urantia Book readers but there is scant literal support of these truths in the Bible. Teaching questions, rather than Bible quotes, are therefore used to move readers beyond a literal Bible view into the spirit of the Master's teachings. This 24 page booklet replaces concepts of fear, sacrifice, punishment, and hell with unconditional divine love, spiritual growth, and a personal relationship with God.

THE MASTERWORK'S SERIES

by Larry Mullins

I PAUSE
Amid the din and fear,
To remind myself that you are here,
To make the peace and joy begin,
I need only let you in.

For you're the strength I haven't got;
The hope and love that I have not.
You give your mind, when mine is gone,
You give the will to carry on.

You keep your promise, ever true:
"Behold, for I make all things new."

T EACH ME TO LEAD,
Not as those of pride have said,
But as the Master of us all has led.

Not with might and iron nerve,
But with humble heart
That means to serve.

In confusion I may make my rounds,
With footstep that make welcome sounds,
And may those who follow come to see,
Your vision of what might be for.

The artwork of Larry Mullins is well recognized for portraying the Master's exquisitely balanced personality. The beautiful Masterwork's Series includes three favorite pictures and Larry has added inspiring, original poetry to each. Reproduced on high quality parchment, each print is 11" x 14" and suitable for framing.

I KNOW if I should come to you,
Even with so much to do,
You'd pause and smile and hold me tight,
And talk to me and make things right.

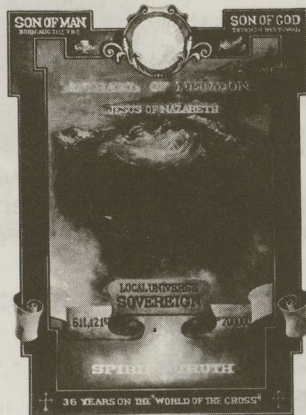

And best of all, I know it's true:
That I can always come to you,
A step outside my heart you wait,
For me to open up the gate.

THE FAMILY MEETING HANDBOOK

by Robert Slagle, Ph.D.

Modern family life hangs in the balance between destructive pleasure mania and the lures of a higher civilization. The revelators saw this crisis and gave us guidance: Family love is the corner stone of civilization and its only hope of survival; the noblest of all human achievements is the raising of a good family; and our society would greatly improve if we used family councils. The Andites used family council meetings and so did Jesus. If you've not had family council meetings, you can start now. Practicing this proven step by step system for increasing family teamwork will bring lasting positive results. Best yet, it works for all types of families, including single parent families and shared custody families.

SCIENCE and RELIGION - The New Age beyond 2,000 A.D.

by K.T. Glasziou M.Sc., Ph.D., Australia

SCIENCE and RELIGION

The New Age beyond 2000 A.D.

The biblical accounts of the resurrection and the claims of Jesus are examined in the light of new definitions of knowledge and truth; a core of belief is suggested having the potential to unite Christians in brotherhood with people of all religions in the worship of the one Father-God who is Love. A short review of The Urantia Book extols the quality and universality of its teachings and appraises its revelatory claims. Included are several Urantia Book prophetic statements on matters of science that were unknown at the time of publication of the book and which were, in part, responsible for the author's acceptance of those claims.

***"Angels do not invade the sanctity of the human mind;
they do not manipulate the will of mortals;
neither do they directly contact with the indwelling Adjusters.
The guardian of destiny influences you in every possible manner
consistent with the dignity of your personality;
under no circumstances do these angels interfere with
the free action of the human will."
