The JESUSONIAN FOUNDATION

The Jesusonian Foundation is a non-profit organization devoted to the dissemination of the teachings of The Urantia Book. We have just two full time employees working very hard for the revelation. We need your help to continue to serve the growing family of reader-believers in several important ways:

✱ To make The Urantia Book available to those who can't afford it through book subsidies and donations while continuing to provide discounted books to believers, making it possible for them to give more books away.

✱ Because The Urantia Book inspires people to create beautiful works and study aids of their own we would like to continue to offer a way for them to share these works with the larger Urantia community through The Good Cheer Catalog.

✱ To help others to share, understand, and love The Urantia Book by publishing useful and effective outreach and study aids, with original Urantian art. Some of our wonderful publications, like the full color Introduction, are gone. We give out thousand of brochures to interested people every year. Your donation can help us to keep these great outreach tools in print and available.

✱ To continue to serve the world Urantia community with programs such as The Good Cheer Catalog, booth outreach, conference stores, study group services, the Study Group Directory, book donations, internet ministry, world wide dissemination, outreach development, and many other special projects.

✱ To continue to develop new methods of outreach and new tools for dissemination.

✱ To continue to hold up the teachings of Jesus as our primary mission and strive to make his teachings available to a world that craves to know him as we do.

We believe in our organization's good works and want to make a difference. We therefore dedicate our efforts to Jesus, in sincere hope that our world will someday reach it's goal of Light and Life.

*Your donation is essential, appreciated, deductible,
and used 100% to further the Revelation.
Thank you in advance for your support!*

Paula Thompson & LuAnn Harney

Over the years we have learned that Urantia Book readers are incredibly diverse, coming from all walks of life and all religious backgrounds. Because there is no "official" interpretation of the book, and because we want to serve the entire Urantia community, we will not exclude any work from our catalog so long as it has The Urantia Book as its primary inspiration. Rather do we open our arms to all who would share this magnificent revelation in their own way and as the spirit moves them. The interpretations, speculations, assertions or beliefs of any work offered in The Good Cheer Catalog are not necessarily that of the staff or officers of Jesusonian Foundation or any other Urantia organization.

The Good Cheer Catalog is the primary source for secondary works to The Urantia Book. Good Cheer is part of the Jesusonian® Foundation and is unaffiliated with Urantia® Foundation.

Except for Jesusonian publications, the items in this catalog are part of a consignment program. To list works or products related to The Urantia Book in the Good Cheer Catalog Please inquire to:

The OMEGA DIAGRAMS 1998 by Alexander Charles Wall

This new series of "visualized concepts" is an excellent way for individuals, groups, and lecturers to study and teach some of the more difficult Urantia Book concepts.

These diagrams are designed to unify many diverse ideas onto clearly presented, single, black and white pages. They have been left

unbound in order to make photocopying easier. Observe the general layout of each universe level; see the architectural spheres we will encounter as we ascend to the Central Universe; study the "physical" aspects of Paradise; watch universal reality grow from the Supreme to the Absolute; try to grasp the relationships between deity and universe reality; explore the eternal moment of creation, the "birth" of the Trinity, the function of the Seven Absolutes and the infinite, I AM; and glimpse the spirit influences around every mortal.

SIMON SAID...(TOO)

The Bible isn't the only source of information about God and the Universe and the "church" isn't necessarily the authority. Inspired by The Urantia Book, "Simon Said (Too)" answers and explains the key questions which we all share about our

Creator, our origin, our purpose, and our destiny. If you have the courage and the open mind, "Simon Said...(Too)" has the answers.

Simon visits Kenneth and takes him to a higher level of understanding and spiritual growth. He methodically explains the chain of events which has resulted in earth's social development, spiritual progress, and religious roots. He then follows with a portrayal of Jesus' entire life, including resurrection. He concludes with many fascinating subjects including the most frequently asked question, "What happens when we die?"

Michael Hanna takes the best concepts of The Urantia Book and weaves them into a story of fiction to enhance the beauty of the reality of God, God's personal presence, perfection, mercy, love and goodness, adversity, happiness, death, truth, and Jesus. DOLPHINS, ET'S & ANGELS

by *Timothy Wylie*

First published in 1984 and still in print, Timothy Wylie's classic book explores the impact non-human intelligence is having on the planet. Following the Urantia Revelation he and a small group of friends find themselves privy to developments surrounding the Lucifer rebellion. They receive communications that appear to come from the angels and which speak of a reconciliation being reached - of the rebellion being finally terminated.

Could the circuits indeed be opening? Is it possible that our planet is being swung back into normalcy?

You will be provoked, expanded and perhaps even disconcerted by this book. Trust your Spirit of Truth.

The author has provided us with a limited number of an earlier edition of the book. He would appreciate meaningful feedback from Urantia Book readers.

The Harmonic Lyre

The Harmonic Lyre is a chime set tuned to the Pythagorean Fifth—a fundamental root of harmony universally recognized for its beauty. The Harmonic Lyre's chimes are tuned to the same frequencies as the tuning forks used by musical therapists in their healing work. The Chimes' soothing tones resonate for up to a minute. Use your Harmonic Lyre to begin and end meetings, meditation, or prayer—its like a form of "audio incense." The Lyre comes with a 42-page book which explains its many uses as well as the sacred nature of the musical Fifth. Honey wood finish (10" high)

Triad Cards

Triad Cards are a book and card set that apply Urantia Book concepts and sacred geometry to language to supercharge the words we use to discuss our spiritual experiences. For example, the triads "Fact-Meaning-Value" and "Beauty-Truth-Goodness" each express the underlying structure of matter, mind and spirit. The 130-page book discusses each triad using examples of historical figures who demonstrated matter-mind-spirit balance in their lives. The book also includes exercises and games for the 21 full-color cards.

The inherent order demonstrated by the triads can be used to help with decisions, to better understand the true nature of situations, and to stimulate creativity and spiritual growth. Triad Cards come with an attractive Pyramid case.

THE LIFE AND TEACHINGS OF JESUS

by L. Preston Thomas

"The Life and Teachings of Jesus" is a restatement that is true to both the wording of the Bible and the teachings of The Urantia Book. Five years in the making, this 256 page (8" x 11") book was created by putting together appropriate verses from the New Testament gospels of Matthew, Mark, Luke, and John. Guided by The Urantia Book, these Bible verses are combined to depict Jesus' life and teachings in chronological order from birth through death and resurrection. It is an excellent way for Urantia Book readers to better know and appreciate the truths of the Bible. For Christians it is the return to Jesus' original gospel of the kingdom and our next step in religious evolution.

Modern family life hangs in the balance between destructive pleasure mania and the lures of a higher civilization. The revelators saw this crisis and gave us guidance: Family love is the corner stone of civilization and its only hope of survival; the noblest of all human achievements is the raising of a good family; and our society would greatly improve if we used family councils. The Andites used family council meetings and so did Jesus. If you've not had family council meetings, you can start now. Practicing this proven step by step system for increasing family teamwork will bring lasting positive results. Best yet, it works for all types of families, including single parent and shared custody families.
