YOUR PRIMARY SOURCE OF SECONDARY WORKS
TO THE URANTIA BOOK

Dear Friends:

The Jesusonian Foundation is a non-profit organization devoted to the dissemination of the teachings of *The Urantia Book*. The Good Cheer Catalog is one important way in which we fulfill this mission. As

you read the pages of this catalog, remember that it represents how the revelation has personally inspired each artist or author who is represented here. They are not professionals in most cases, just dedicated brothers and sisters who were moved to reflect, in some humble way, the light of the truth, beauty, and goodness found so abundantly in our beloved revelation.

The Good Cheer Catalog is not created for profit, it is created for service. When you order an item from the catalog you can be confident that any proceeds from that sale will help us continue to provide the Urantia movement with affordable books and wonderful secondary works.

The Jesusonian Foundation exists to illuminate the character of Jesus as described in *The Urantia Book*, as well as disseminate the teachings. When you make a donation, however small, it helps us continue this work. Your kind support is the wind in our sails. We are deeply grateful to be able to serve the needs of such an exquisitely rich and diverse community of believers.

Those of us who believe in the Fifth Epochal Revelation to mankind represent but a drop in the ocean of humanity, but the size of the drop matters little, it is the potency of the drop that will make all the difference. Our little movement can be a potent force for good on Urantia if we work together. Think of Jesusonian as a resource bank that is here to help you study and share *The Urantia Book*. We promise to do our utmost to be of service to you in your efforts to disseminate its teachings.

Over the years we have learned that *Urantia Book* readers are incredibly diverse, coming from all walks of life and all religious backgrounds. Because there is no "official" interpretation of the book, and because we want to serve the entire Urantia community, we will not exclude any work from our catalog so long as it has *The Urantia Book* as its primary inspiration. Rather do we open our arms to all who would share this magnificent revelation in their own way and as the spirit moves them. The interpretations, speculations, assertions or beliefs of any work offered in The Good Cheer Catalog are not necessarily that of the staff or officers of Jesusonian Foundation or any other Urantia organization.

The Good Cheer Catalog is the primary source for secondary works to *The Urantia Book*.

Good Cheer is part of the Jesusonian[®] Foundation and is unaffiliated with Urantia[®] Foundation.

Except for Jesusonian publications, the items in this catalog are part of a consignment program.

Modern family life hangs in the balance between destructive pleasure mania and the lures of a higher civilization. The revelators saw this crisis and gave us guidance. Family love is the corner stone of civilization and its only hope of survival; the noblest of all human achievements is the raising of a good family; and our society would greatly improve if we used family councils. The Andites used family council meetings and so did Jesus. If you've not had family council meetings, you can start now. Practicing this proven step-by-step system for increasing family teamwork will bring lasting positive results. A Gospel Account of Our Father and the Blood Atonement of Jesus By Michael Shanbour

A Gospel Account is an analysis of the actual words and deeds of Jesus Christ as reflected in the Holy Bible. NEW! Sonship and The Urantia Papers

By Robert Crickett

Rob has aptly brought us to the truth of our Sonship status with Father, Michael and Mother Spirit through these wonderful writings. He has woven personal religious experiences together with evidence from the Urantia Book that God is our Father, we are sons, and as such we are never separated from God. "Sonship, cuts the root of separation from God in an instant. Sonship is not the path of the isolated person who is seeking his or her union with God; it is a communion with God on a path shared, from it's beginning." An excellent reading with touching stories garnered from life itself. 566 pages. #163 \$26.00
