Dear Vern:

Enclosed a copy of a letter I have received today from Meredith Landrum (Mrs. Edszen N. Landrum according to Christmas card) and it concerns me a little. First, I doubt if Mrs. Landrum is well enough acquainted with the UB to undertake the project she has in mind and in addition I am wondering if this is the kind of advertising (Metaphysical bookstore) that we want to encourage. Since we ourselves have done no advertising and the book is selling at a tremendous ~~xxxxx~~ pace I do not see a call just now. I need your advise on this and since she has attended your classes and seems to think you are doing a great job, perhaps you could explain our policy to her better than I can by mail. Anyway, this is an SOS letter. Much better to talk to friends and acquaintances about the Fatherhood of God and Brotherhood of man than to be trying to sell books. In my humble opinion. Somehow I get gooseflesh when I ~~xxxxxxx~~ get letters like this. Am I wrong?

My dear "Christy",

Thank you for your reassuring letter and the warmth it expressed. It is true that even calls you "Christy" - so now I feel sure of the family.

I have been holding my reply until some plans had developed as I can't tell you more definitely of certain expansion of my - as I should say - our Zenana work.

Beginning February first I will be giving a Zenana Course at the Metaphysical Center "his Book Shop at 420 Sutter St. San Francisco. I think I shall call it "An Introductory Course of Methods for Studying the Zenana Book" Then in the announcing brochure it will be explained that I have created my own diagrammatic charts "as outlined in the Program Director feels that this should create quite some interest as - to quote his words - "The young people are keeping this book up" like mad "is making it their religion."

I am looking forward to this new adventure, although I must

confess I have a few "butterflies" so
please include me in your program.
I want so much to be an inspiring,
vital teacher and guide in helping
others to comprehend the mystery of
this fifth revelation of Truth in Beauty.

Another good thing has happened.
My time has also adjusted so I can
be free more frequently on the
Thursday evenings of mini-classes.
This grasp of the task is invaluable
to me and no doubt will become
increasingly so as I am challenged
by young inquiring minds. I am
certain that I will do as much
growing as the "pupils".

Most sincerely
Meredith Leadrum.

I would love to receive the
quarterly bulletin —
