Mr. Vern B. Grimsley  
The Family of God Foundation, Inc.

Dear Vern:

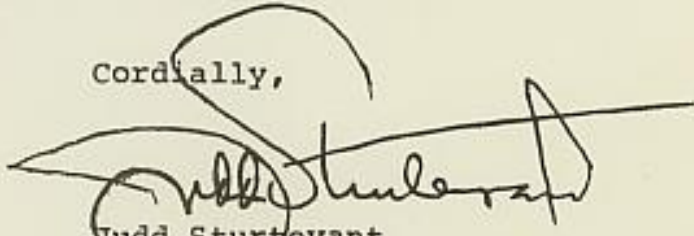

At its recent meeting, our Board of Directors gave consideration to several items placed before them by our staff. Among these, was a recommendation that a contribution in the amount of \$500.00 be made to the Family of God Foundation in recognition of the outstanding service it is performing. In making this recommendation, the staff stated that it knew of no other organization, local or national, with a higher degree of integrity and dedication. You will be pleased to know that our Board acted affirmatively, and the KFAZ check for \$500.00 is attached.

It is our sincere hope that this modest effort on our part will enable you to further your work along a line which heretofore has been blocked for lack of funds.

In closing, let me say that the many face-to-face discussions we have shared in the past have been enormously helpful to me in setting a proper course for KFAZ, and I hope that we shall be able to continue them in the months and years ahead.

Kindest personal regards to you and all of your co-workers.

Cordially,

Judd Sturtevant  
President/General Manager
