Dear Sir,

This morning Friday at 1.15 a.m. over station KFAQ I heard your talk that makes it almost impossible to be an Atheist.

May I have a copy of your talk, which is expressed far better than I can do.

This morning we heard one of your broadcasts over Radio Ceylon. We were very much impressed by your talk and wanted to write to you. We listen to your programs from time to time, and they have a deep meaning for us. we are Hindus but we believe our religion does not prevent us from getting guidance from the teachings of the Bible.

Please send us as much literature as you can and please tell us if there is anything we can do to help your cause. You are helping people who really want to help themselves to a better life through an understanding of God and the purpose of life. You are doing a great job. Keep it up.

Thanking God and you,

Yours sincerely,

TO WHOM IT MAY CONCERN:

I HEARD YOUR ADVERTISEMENT OVER THE RADIO BUT DUE TO THE FACT THAT I AM IN JAIL I DON'T KNOW WHAT STATION YOU WERE ON, BUT I WOULD LIKE YOU TO SEND ME A BOOKLET ABOUT GOD. COULD YOU PLEASE SEND IT TO MY HOME ADDRESS BECAUSE I WILL BE RELEASED NEXT MONTH.

1. I hear your programme by Radio Manx. Because it is very difficult to notice an address when you lay in bed, Radio Manx was so friendly to give me all the addresses of broadcasters which their radio-station. Radio Manx we can hear sometimes very good and other days very bad, because we live in the eastern part of our country, less than 3 miles from the German boarder.
2. Can I receive a programmeschedule of all your programmes in the world?
3. Can I receive a littlebit about the history of your missionarywork?
4. Do you have a monthly or an other paper I can use for my study?
5. Is it allowed to translate some articles or parts of it into Dutch and may I publish it? I don't like to earn a dime with this work. First I like to do some work in this time of illness and second I like to tell the Dutch people what happens in other countries with telling Gods Words to the listeners. I am waiting on your answer!
Please don't watch at my mistakes! It is almost 30 years ago I left school!
God Bless You and

Sincerely yours,

There is no way to adequately express how very much I enjoy your Sunday morning program. I wouldn't miss it if my life depended on it. It is the most interesting program I listen to. Your approach and your answers are outstanding.

Family of God Foundation,

I heard your message on Sunday
It came over radio
station WEAW which comes into our
area. Your message really hit & did
wonders for me. The value of the
individual to God is not measured
by worldly accomplishments, although
nice, but only by our belonging to
the Universe - son or daughter of
the Father in Heaven. Would
you have a copy of your message.
I would love to share it with
others. I know a group who

The main reason for my writing
this letter is to inform you how much
your programme has influenced my outlook
on life itself. I have no doubt whatso-

Dear Sirs,

I was jogging on the beach the other day while listening to my small radio and heard your program for the first time. I was very impressed and interested.

Dear Sir:

I stumbled upon your program early yesterday morning and was completely fascinated. I usually spin on by when encountering "preaching" on my little bedside transistor; but am surely glad I stayed with you.

I found your Questions and Answers with students most inspiring; I cannot imagine a more difficult testing ground than on the Berkely campus. Anyone who can so well relate with the college generation of today is amazing.

Dear Mr. Grimsley,

I am a employee of a local ski area. We sit in little shacks for 8 to 14 hrs a day and watch skiers go by. Radio is a major source of entertainment during the course of the day. Lately I have found myself a regular listener to your program. I actually am looking forward to hearing it again next week. In spite of what many of the people you interview say, I find your beliefs and views of God and the Universe very broadminded and quite interesting. I enjoy learning yours and the others opinions and beliefs very much. And I would enjoy reading some of the material that you have written. Such as "Questions University Students ask" and whatever else you could send.

Continue your spiritually uplifting program. My prayers and warm thoughts are with you!
Thank you!

Good day to you;

From a university student in Wisconsin

Have been listening to your program Sunday mornings on WIFC 95.5 FM - Wausau.

The "Brotherhood of Man" is a refreshing attitude for life and your definition of God as "the creator and controller of Reality" seems to be the most accurate.

Am a student of Philosophy and have reached to the likes of Aristotle, Einstein, Isaac Asimov, Watts, Gibran, Jesus, Leo Buscaglia, and would like to hear more of your philosophies. The literature about God and "the Brotherhood of Man", which you distribute, sounds very interesting.

Thank you;

Wausau, WI 54401

Dear Verne,

God bless you for the work you do!
It's not easy trying to prove that there
is a God to a non-believer. I wish I
knew the answers to the questions that
the students hand to you. I love to listen
to "On Campus" because it's such an inspir-
ation to me. I get more out of your program
than I do an hour a week in church.
