My dearest Clyde -

What a moving conversation that was on the telephone Saturday night! I shall never, ever forget it... nor shall I ever forget Florence. What A radiant woman! And what a marriage! To such A man!

I thank God when I think of the privilege which has been mine to know such mighty people As you two.

The prayers and love of all of us here at the Family of God Foundation are with you. And oh! how my heart goes out to you! What a privilege to be asked to prepare her memorial. I thank you - God Bless you.

With Love

Vern

P.S. I am enclosing the leaflets you requested.
