Dear Vern and Friends at FOG:

First, I want to underline my deep and lasting friendship and love for each of you. This will continue through universe ages. It is with the deepest sorrow and after much consideration that I have come to believe that I must resign from my post as National Extension Representative of Family of God Foundation. On my part, this will not change my personal relationships with any of you.

Events of the past year at Family of God Foundation have resulted in certain schisms in the URANTIA movement. I hope that they are temporary and will be resolved. In the meantime, these same events have made it increasingly difficult to subscribe, with honest loyalty, to certain opinions and organizational practices at Family of God.

A great tie remains. We are each trying to do the Father's will day by day and we are scholars of The URANTIA Book trying to serve the interests of that great revelation in the best way we can individually determine. We are sincere.

God bless you all. May each of us grow in learning to do the Father's will and in expanding our ability to love and to serve.

With sincere love, your friend,

Julia K. Fenderson
