*November 4, 1984*

*Dear John,*

*Because this is my first written response regarding the events of the past year, I wanted you to have a copy of a recent letter to Clyde Bedell.*

*I hope that you are doing well and that activities at the Boulder School are proving to be everything you have hoped for.*

*It would be great to see you on December 8 - hope that you can make it!*

*Yours in the Father's family,*

*Vern*
