Dear Lee --

Enjoyed the time with you and Mary and Jole in Maine!

Perhaps, just maybe, the enclosed may hasten the day of your return to California. (The other enclosure is representative of the type of seminars I do.)

Now a favor, please. Write up the incredible story you told me about meeting J.J. on the plane to Nashville following your visit to Clyde at Leisure World, etc. We'd like to run it in the next Synergist, and I'm sure it would be fascinating for many readers. It's also an example of why the powers-that-be should foster, rather than repress, visible means readers who are willing to be contacted can utilize. (Pretty awkward sentence for a writer!)

I think odds are good I'll be in Florida again for Christmas visiting Jeff and a cousin in Orlando. Hope to see you then if it materializes. Meanwhile, best to you all -- and Melissa, when you see her!

Barrie
