Dear Ruth:

Thank you for the kindness of your letter and the information which was enclosed. It was a pleasure and an honor to have you here. Unfortunately for me, I was so busy that I scarcely had time to speak with you before you left. I sincerely hope, therefore, that you may return to visit us. Classes will be resuming September 20th, and I know that everyone here would be most delighted to greet you and speak with you.

God bless you for the light which I know that you have shared with so many others who have been born into the darkness of ignorance and the bewildering confusion of knowledge.

Sincerely,

Carl Pickering
