Dear Berkeley,

I am enclosing copies of the Forward and Paper 1 in both standard and simplified Chinese.

The School is busier than ever with two classes of students now attending. Also, the seminars are expected to be much more popular, now that they are held in the evenings. The first of the seminars for this semester will be held here at the School this evening with Bob Venosa on "The Celestial Artisans".

I trust that you are well and look forward to talking with you at the retreat in Green Lake, Wisconsin.

Peace & Blessings,

John D. Hay
