Dear Neal:

In reviewing the outline of your proposal, I noted that you are finding it necessary to locate the various Biblical quotes used in The URANTIA Book so that you may most accurately render them into Chinese. In the hope of making this part of your job a little easier, I am enclosing two pamphlets by Randy Moser which cross-reference the Bible and The URANTIA Book. His efforts may not be definitive, but they should be helpful.

At some time in the not-too-distant future, Duane Faw should complete his cross-reference of Part 4, which will be available to us on floppy disk.

Enjoy your trip to Hawaii, and good luck with Vanessa's naturalization.

In the spirit,

Merritt Horn
