Dear Barrie:

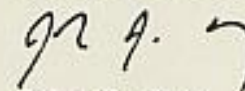

I very much enjoyed talking with you while you were here and wish to thank you for the kind comments you have made in your letter. I also deeply appreciate your generous contribution to the School.

It is wonderful to see you following in the footsteps of your father, who has contributed so much to furthering the fifth epochal revelation of God to man. We are all very proud of him and feel privileged to be able to assist him in any way that we can.

We will be happy to keep you informed on the progress of the School. I am enclosing the current seminar and class schedules and will be sending you further information as it becomes available.

Thank you again, Barrie, for your participation in the efforts undertaken by the School.

Peace & Blessings,

  
John D. Hay
