Boulder, CO 80302

Dear John-

After much serious thought I must decline
your kind offer to be considered for election
to serve on the Board of Trustees for the
Boulder School for students of The UANONA Book.

I regret this decision as it would such
a joy and a wonderful opportunity for service and
experience.

At the present time and for the next few years
I am and will be deeply involved in a doctoral
program in counseling psychology. The time demands
are extremely heavy and as a result I would
not serve you or the school well.

Thank you again for considering me - perhaps
some other time. If there is any other way
I can help out from time to time please let
me know.

With love to you all

Marta
