Dear John:

This is a big, personal, heartfelt thank you to you for making those two big seminars on "Marriage and Family", possible. Lou told me that he counted more than 55 at each evening so this is also a heartfelt thank you from each of them. I had no idea until afterward that you did not charge and I was amazed. You are personally doing so very much to help this planet of ours.

I am enclosing a personal donation of \$200.00 for your school. I wish it could be much more as you are dedicated to such a worthwhile cause - one of the best on this planet and the only one. I shall support and further your cause wherever I go and to all my large correspondence I maintain. I wish my donation could be much larger but this "widow's mite" is just as sincerely given as the famous original one. Page 1883:4

It was such a delight to me to see everyone there and to see and know more about your school. Indeed they are all dear friends now in my mind- there is a bond. As Jesus pointed out to his young student, Ganid from India: "To become acquainted with one's brothers and sisters and to know their problems is the supreme experience of living." Please extend my loving regards to all of them.

John, if you did not receive enough materials for your files on this topic, please do let me know and I will send them to you.

I was so sorry that I didn't go to the party held after the seminar on Friday but here I was trying to mind the doctor and be careful and the truth is that I have never felt better. I was in great health all the time and could breathe clear down to my toes. The minute we returned to the smog and heavy seacoast air I noticed a huge difference. You people stay in that beautiful place with its clear pure air.

Thank you again for your many courtesies and please extend my thanks to your ever-helpful and kind staff.

With warm and loving good wishes,

Julia

P.S. I wonder if you could send us two complete sets of the seminar handout material for our School library?

Your surprise gift package arrived this morning and the staff was delighted. Thank you, Julia.
