When you pray,

Do not think of me as stern and ungenerous,
but know me as your loving parent.
My will for you is not small and mean,
but is beyond your grandest imaginings.

When you choose what I choose,
you cannot help but succeed.
When you choose what I deny,
you cannot do other than fail.

Let go of your small illusions;
reach for the greater realities. *

YOU ARE INVITED TO PARTICIPATE

IN AN EVENING DEDICATED TO THE QUESTION

HOW CAN I LIVE
CLOSER TO GOD?

Presented by Rev. J. H. ...

The God of all creation is truly the loving Father of every human being. You are, therefore, the child of God and all men, women and children are your brothers and sisters.

Every child of God has direct access to the spirit Father: your relationship with God is not dependent on any human authority, institution or tradition. You can personally know the presence, power, love and guidance of God in your own experience if that is your sincere desire.

The technique of spiritual growth is faith/trust. Faith is trusting and acting upon that which you know to be true based on your own relationship with God.

Loving service to our fellows is the fruit of a living relationship with God. So also are "love, joy, peace, patience, kindness, goodness, faithfulness, gentleness, and self-control."

Jesus' life was and is the revelation of God the Father to this world. The revelation of God is ongoing and is the experience of all who sincerely seek to do his will.

PLEASE JOIN THE CALL OF THE SPIRIT...

NOTE: There is no charge, no contribution to join.
