Dear Patrick,

Received your letter. I delayed in answering it since I wanted to check with Steve Rohrbach about seminar dates, that being his territory. He was off to Mexico on his honeymoon!

Steve and I talked about a date for your seminar, but decided it would be best to wait until Jeff Wattle<sup>comes</sup> around the middle of August and check it out with him. I don't know whether you have heard the news, but Jeff is going to be our School's new Director beginning in September. If you know Jeff, I think you'll agree he will be a big asset to the School. We'll get in touch with you as soon as possible about your coming.

Perhaps it would help if you sent us some dates as to when you would be free to come.

I'm happy to hear you found my outlines helpful. I certainly enjoy making them and they have certainly helped me a lot to understand the Urantia Book better.

The best to you and yours for a wonderful summer.

Peace and Blessings,

  
Lou Meyer

Hi Lou,

July 27, 86

Hope you and your lovely wife are still enjoying life even more than when I visited you both.

What happened to Mo. I thought he was the director when I left. That was fast. Maybe he was just the acting director. Anyway I know Jeff, and he will be an excellent director. Wish him the best for me. Please ask him for his work on "Christ's method of teaching". I lost his address and would like to use it in preparing for my presentation.

I just finished a two week course on ~~ACT THERAPY~~ <sup>ACT THERAPY</sup>, which was quite exciting.

Later in October, <sup>Nov. 1st</sup> I think would be a more appropriate time. We will be in the East for my parents' 50th Wedding Anniversary. <sup>Sept 23rd</sup> We have been preparing to move, we don't know where to yet, selling most of our stuff and simplifying life.

I have a new appreciation for the Christ section, because of your outline. Keep up the excellent work.

Regards  
& Prayers.

Patricia, Barbara, &  
AUTUMA.
