Dear Mr. Herbert:

Enclosed is a check for \$2,500 as a retainer for your preparation of an opinion as to the validity of the copyright of the Urantia Book.

We are seeking an outside opinion on the validity of the Urantia Book copyright. We have concluded that there is a critical need for other sources for the Urantia Book in printed and electronic forms so that our educational efforts can proceed and the Urantia movement can grow unhindered by the whims of any single controlling organization. The Boulder School and others are therefore considering publishing printed, electronic and audio versions of the Urantia Book for distribution through commercial and private channels. However, as Urantia Foundation claims to have a valid copyright, we would need to have on record an opinion that would enable us to take informed, rather than reckless, action.

I believe that Joe Lewis of Cleary & Komen has supplied you with a copy of the Urantia Book and will provide any other materials that you may need. Please feel free to contact me directly if you have any questions that I may answer or if there are any other needs that must be met.

If it would be convenient, I would appreciate your sending to me a corporate "resume" or descriptive materials so that we may properly identify your firm and its credentials as necessary in our work.

Thank you for your assistance in this matter.

Sincerely,

Merritt Horn  
Director
