Andale
Andale
Greetings!

Was there someone at the recent West Coast URANTIA Conference that you forgot to get the address of and you were thinking about getting in touch with them again? A copy of the master list of those attending is included. Open those communications lines!

The new Agondonter, the First Urantia Society of Los Angeles' newsletter is dying for news of your URANTIAZING processes. Whether you're alone in your area or if you already feel that there are too many people at the meetings, everyone can benefit from your experiences. Many persons at the last convention told me that they'd like the Agondonter to serve as a means for study groups to see what others are doing and studying.

The new Agondonter will (hopefully) be published monthly and will be sent free to anyone who requests it. If those persons who liked the idea of a monthly newsletter could donate a few dollars a year or whatever, the Agondonter could support its meager (projected) \$200 a year budget by itself.

As of now I am requesting from all of you all sorts of personal testimonies, favorite passages, summaries of meetings, progress reports on various projects, poems, questions looking for answers, births, marriages, fusions, cartoons and just about any upwelling of the Spirit of Truth that is printable. Send the names and addresses of people you would like to have on the Agondonter mailing list, those who attended the conference and all of FUSIA is about all I have now.

Address all communications to The Agondonter, Box 5488, Fullerton, California 92635.

"With God, absolutely nothing is impossible!"
