Dear Jim,

This Agondonter is such a top professional job, you deserve all kinds of accolades! The one fault—  
(misspelling) can easily be remedied if you'll let "Aunt Julia" take a fast look before it's run off. Somehow I must earn my name on the staff.

If I ever misspell a word which I undoubtedly will now, you can lambast me properly.

Honestly this Agondonter of yours is too good to have these blemishes. It's the best one we've ever had!

You know how much I love and respect you.

*Julia*
