Dearest Julia:

Sorry we didn't have more time to visit but glad we had a few minutes to speak. Have tried several times to phone you when I was in L.A. but I know; you have been so very busy too as always.

I'm enclosing a copy of the information about my trip to Russia. If I don't get a little more energy worked up, I might not get there. But I'm going ahead as tho I would.

It really is exciting to be a part of a positive program between countries where much has not been so positive.....

You can put an item in the paper for the Urantia group but please don't make it sound too much, I am sort of shy about publicity.

It was so good of you to offer to help in any way. The one thing I can think of is if I do decide to leave from L.A. International airport, I would appreciate leaving my car at your place.

The only thing is, you might want to be away; I would probably be leaving Monday, June 24 and returning, sometime between July 11 and 15--I don't know for sure.

But you could let me know if you would be there the July

time, the ~~weekend~~ period of July 11-15. Hopefully, I would get it pinpointed more exactly before I go, but I might not.

Will close, as I want to get this in the mail today. Please forgive the typeing mistakes.

Hope all is well with you.

Lovingly,

Beverly

go Beverly:\*\*\*\*  
profession person computer more than her not been  
if really is exciting to be a part of a business

as the I mention  
noticed in I don't not her there. But I, in some ways  
this is what I don't see a little more than  
I'm enclosing a copy of the information about my

so well they too to explain  
to know how when I see in it. But I know you will see  
me and a few minutes to about. Have great weekend times  
would be glad to have more time to write and read

Bestest  
Beverly
