Brothers and Sisters of The Urantia Revelation!

This is a call to action! Brotherhood in Action! On April 4, 5, and 6, 1975 there will be a Urantia Celebration. The Urantia Book has been bestowed upon us - let us give it Life. As Urantians, we are discovering who we are. Let us celebrate this awakening.

"Be You Perfect As I Am Perfect" - let this energy charge every aspect of this gathering. Let us be willing to try new ideas. Let us work toward unifying our differences. Let us meet regularly to plan and express ourselves in good fellowship

Clarity, clarity, and more clarity - let careful and thoughtful consideration prevail. Let's listen - really listen to one another. Let us be open. Let us not judge. Let us keep our goal clearly in sight: A celebration dedicated to Living The Urantia Revelation! Proclaiming its message of hope, truth, beauty, and goodness. Reminding ourselves and others of the encouraging and inviting message of Christ Michael: "The Fatherhood of God and The Brotherhood of Man".

Let us bring new depth and color to this truth. Let us search and discover together so we may literally shine with this light. Let us be of good cheer, working, serving, communicating with one another. Let us pray. Let us look at each other with new and eternal recognition of who we are - sons of the Father, indwelt by His spark of Infinity. Let us pray to open our hearts and feel with the Fatherly Love which transcends even Brotherly Love. Let us remember our positions, we are students seeking the truth, open to growth and change.

Let all our energies strive toward harmony and increased Self-Realization, and let us plant these seeds of God-Consciousness in the hearts and minds of all in attendance. Let this celebration symbolize our efforts to realize the light and life of our future potential. Let this celebration lead to our worship of the Universal Father and our Creator Father. Let this celebration symbolize our heart's desire and souls' craving to know God in this lifetime on this planet, Urantia.
