

The Urantia Celebration is being sponsored by the Education Committee of the First Urantia Society of Los Angeles under the direction of Vincent Ventola. ~~The first Urantia Workshop for all interested participants will be on December 15, 2 o'clock sharp!~~ at the Brentwood School (115 South Layton Drive, L. A.). ~~The basic outline and structure of the program will be presented, ideas will be discussed, and committees formed.~~

This celebration will be a unique experience for all. Here is an opportunity to serve. A chance for each individual to contribute the knowledge of his or her own personal experience and to blend the color of our personalities. ~~We need you and your talents and creative abilities: pottery, plants, weaving, drawing, stained glass, cooks, musicians, artists, photographers, film makers, EVERYTHING!~~ Classrooms will be available where lectures, exhibits, children's activities, study groups, rap sessions. etc. will all be happening simultaneously on Saturday and Sunday mornings (April 5 & 6).

Bring your imaginations!
There is so much to do . . .
