

June 1-78

Dear folks,  
answered 8/5/98 EBT

I am interested in receiving the "Agondontes". Of you could I would appreciate it tremendously.

also, was there a URANTI# Gathering this summer, or in near future?

We live in Arkansas area, as of yet we haven't started a study group, but want to very much. If there is any information on how to prepare, or Agondontes around this area, I would appreciate their addresses.

Being that I have been out of contact for awhile, I want to be active and helpful. If there is anything I can do to help out, please offer.

Dear Jay and Sandy,

I have added your names to the Agondoxia mailing list and you'll be receiving our Summer issue very shortly.

There is a large URANTIA conference coming up soon (August 13-16) in Lake Geneva, Wis. sponsored by the URANTIA Foundation / Brotherhood in Chicago. If you contact them at  
533 Diversy Parkway  
Chicago, Ill. 60614

They can provide more information about the conference and about study groups in your area. Much love and luck in your endeavors.

In loving service,

Carver B. Montgomery
