Greetings:

Here are some recent issues of our newsletter. Because of postage costs, embargos, and general difficulties connected with sending mail abroad, we have gotten behind with some of our subscribers overseas.

These are to bring you up to date! Julia tells us there are now 17 study groups in Australia. How exciting are these times!

Hope you will show the enclosed with your group. And hope to visit Australia someday personally. If not, I'm sure will meet again at a conference somewhere.

Regards,

Chick Montgomery
