Dear Chick,

I hope that this note finds you well! I have begun a new URANTIA Book study group in St. Petersburg, Florida. This group began with several introductory sessions in which material from throughout the Book was presented. I used my mounted copy of your diagram-portrait of the Master Universe to explain the various cosmic concepts which we discussed. Each of the students attempted to draw his own rendition of the diagram so as to have some picture to work with. But they asked me if I would find out from you whether you still have additional copies of your Agondonter-reproduced picture of the Master Universe.

I remember writing, when I wrote to thank you for the ten copies you sent just after our conference last spring, that I appreciated the high value that this diagram has for helping people become oriented in the cosmic concepts of the URANTIA Book, and that there would probably be a continuing interest in having more copies made available as more and more people come to the study of the Book.

Thus I would like to ask you for another batch of such maps of the Universe, if you still have them available at this time. Please accept the enclosed donation to cover or offset the printing and mailing expenses. If none are available, you can forward the donation ^{or to the Agondonter} any other cause you see fit.

Thank you so much for your helpful service and continuing thanks for your work in preparing this very useful diagram. It has helped many to feel more immediately at home in their universe. Blessings to Ellen, John, Kristin, and all URANTIA Book readers!

Love,

David
