The Agondonter

Dear Friends:

I have been enjoying the Agondonter that Julia Fenderson has been sending me, thank you Julia. The last one I received is Summer 77, I wonder if you would continue sending it. The enclosure should help out. Later in 1978 I will send you another M. O.

I wonder if you could send me a list of literature and prices, or should I send to Chicago for that list.

I am sure that somewhere in the material that I have received, it was mentioned that someone has made a list of all quotations from the Bible and from where they were taken. If one can send for this will you please add it to the list.

Enclosed is a stamped addressed envelope for your use.

Yours sincerely,

P. H. R. Macdonald

Dear Phyllis,

Many thanks for your letter and donation of December
17th, 1977. Please forgive me for the delay in answering.
We are in the midst of staff and organizational
changes and I am just now getting caught up with
our correspondences.

Regarding a list of literature, pieces and the Bible
quotations, you should drop a note to the Foundation
in Chicago for that information.

The next issue of the Agooder is now at the printer
and will be mailed within the next few weeks.
We did not print Fall or Winter issues this year.

Yours in loving service,

Jillian Bishop
