Dear Mr. Montgomery,

Your copies

of Uranian came quite a while ago - Jim Swartz would have enjoyed them very much - He was interested in Uranian for many years and started quite a few study groups - He gave his three children each a Uranian Book. His youngest son has read it many times and is now reading it to his eight year old son every night. I am enclosing his address - thought you might like to send the course

7) Agondant to him as Swirell isn't  
with us any more -

Thank you -

Billy Johnson -
