A Publication of the Rocky Mountain Spiritual Fellowship

Spring 2005

by **John Hay**

It has been a sincere pleasure serving you all as President of RMSF over the past couple of years, and I hope you have enjoyed it. Our little group of UB readers that began some 25 years ago has sprouted to over 120 members and over 300 souls represented on our local mailing list. I'm optimistic that over the next 25 years we will blossom to over a thousand members as we quiver on the brink of the outworking of this most glorious revelation we have been entrusted to disseminate. During my recent term, our main goal was to bring our local group of readers back together again and put aside our differences while we celebrate our common beliefs and fellowship in God and his love for us all as taught us in the Urantia Book. I would like to thank all of you for making this goal a reality and for your friendship, prayers and support. Keep up the good work and go out into this world and give 'em heaven.

Some of his accomplishments include – An Executive MBA and BA in Communications from the University of Quebec in Montreal. He is a Distinguished Toastmaster International Division Governor; most of his business life has been in the entertainment and publications industry. He speaks several languages including *French, English, and Spanish*.

August 2005 we will be having our annual Jesus' birthday celebration. Dates and location will be announced later.

A Word

In Memorandum

Good-bye our risen friends. *Burdean Leeper, 3/5/2005, and Chuck Kremer, 1/15/2005.* We salute you. We love you. We will miss you, at least for a time. We are saddened by your departure, joyful for the adventure that awaits you, but however unexplainable, there seems to be something missing from inside us by your departure. Departed friends remind us of those precious moments shared over lunch at a favorite restaurant, walks along a favorite path, shared laughs, loving and intimate human relations. We have learned experientially from you "that friendship enhances the joys and glorifies the triumphs of life.... The presence of a friend enhances all beauty and exalts every goodness." You have been that to us all.

But a time of sadness soon gives way to great joy and anticipation. "Love of adventure, curiosity, and dread of monotony—these traits inherent in evolving human nature—were not put there just to aggravate and annoy you during your short sojourn on earth, but rather to suggest to you that death is only the beginning of an endless career of adventure, an everlasting life of anticipation, an eternal voyage of discovery." Do your journey well for you will not be alone!
