PREFACE

ORIGIN

The idea for the *Resource Guide for Secondary Works of The Urantia Book* took origin several years ago. Society representatives passed a resolution during the 1985 Triennial Delegate Assembly which requested a compilation of secondary works related to *The Urantia Book*. The resolution was accepted by the General Council and assigned to the Special Projects Committee for development and implementation.

DESCRIPTION

Secondary works are based on or designed to supplement *The Urantia Book*. We believe that *The Urantia Book* is the Fifth Epochal Revelation to the mortals of this planet, and no secondary work could possibly substitute for its supernal teachings. Rather than supplant *The Urantia Book*, such works are intended to encourage, enhance, and facilitate the reading, study, comprehension, appreciation, and living of its teachings. Secondary works include many different types of materials that are inspired by, or developed for use with *The Urantia Book*, such as introductory materials, study aids, and creative works. Examples include books, pamphlets, videos, audio recordings, computer programs, graphics, and periodical publications. The *Resource Guide for Secondary Works of The Urantia Book* is simply a compilation of submitted works, including a description of each item and information on how it can be obtained.

GUIDELINES FOR INCLUSION OF WORKS

To make it possible for the *Resource Guide for Secondary Works of The Urantia Book* to be broadly inclusive of material of interest to students of *The Urantia Book*, it was determined that a listing would not constitute endorsement of the work by Special Projects Committee or Fifth Epochal Fellowship. Thus, there will be no rating of the works or judgments or representations made as to quality or scholarship.

The guidelines which were followed by the authors in order to have their work listed require that the work be:

- Consistent with the teachings of *The Urantia Book*;
- A service project, i.e., no personal financial profit should accrue to the author(s), producer(s), artist(s), etc.;
- Done without calling attention to the author, producer, artist, etc.;
- Done in a nonpromotional, noncoercive manner both in content and in distribution;
- Without ridicule, sarcasm, or other negative characteristics which would be offensive to any religious group, race, or nation;
- Without suggestion of official or authoritative sanction regarding opinions and interpretations;
- Distributed in noncommercial ways, i.e., without advertising and mass media techniques.

In considering the above guidelines, it is important to note that the review of material submitted for the *Resource Guide for Secondary Works of The Urantia Book* was not done with the aim of weighing the merit of each work—that is for the readers to decide—but merely to screen out anything which specifically and obviously violates the spirit of these guidelines. The guidelines are intended to provide a set of consistent criteria to be uniformly and fairly applied to all material submitted.

COPYRIGHT CONSIDERATIONS

The authors or creators of works listed in the *Resource Guide for Secondary Works of The Urantia Book* have sole responsibility for determining that their works do not infringe the legal rights of URANTIA Foundation with regard to the copyright of *The Urantia Book* or the registered marks, the word URANTIA and the concentric circles symbol. URANTIA Foundation has a policy statement titled *The Urantia Book: Copyright Permission Guidelines*. Any questions or concerns in this area should be addressed to URANTIA Foundation.

DISTRIBUTION OF WORKS

Distribution of the listed works is the responsibility of the individuals or groups submitting them. The creator or originator of a work may either handle distribution directly, or designate some other individual or group to handle distribution. Each listing reflects the name and address of the distributor as well as the name of the author.

COST OF WORKS

Each listing indicates the cost for obtaining the material. The cost has been set exclusively by the author and/or distributor. It is understood that the resources needed to make works available vary widely and that income from one service project may be used to support another such project. However, the purpose of the *Resource Guide for Secondary Works of The Urantia Book* is to allow individuals to share their talents with fellow readers rather than an opportunity for financial gain.

UNDERSTANDING THE LISTINGS

Each secondary work is listed by its Title, Creator, Description, and Distributor. The information is labeled and should be easy to identify. However, the last line of the Description may also include the following information which is not labeled: (1) the language that the work is in, (2) the year that the work was created, (3) the length of the work (if available or appropriate), (4) the cost of the work, and (5) the kind of currency when it is other than U.S. dollars.

SUBSEQUENT EDITIONS

The intention of Fifth Epochal Fellowship is to make the *Resource Guide for Secondary Works of The Urantia Book* an ongoing service and that this edition will be the first of many more. *The Urantia Book* inspires its readers to high levels of service and creativity, and we hope that this information will assist in sharing some of the fruits of that inspiration. Your participation, comments, and suggestions are gratefully received as we seek to improve this service to our fellow readers.

ACKNOWLEDGMENTS

Fifth Epochal Fellowship would like to acknowledge the groups and individuals who have helped make the *Resource Guide for Secondary Works of The Urantia Book* a reality. First of all, special thanks to the delegates of the 1985 Triennial Delegate Assembly who identified the need for, and the value of this resource for students of *The Urantia Book*. The following persons (listed alphabetically) have provided valued service for this project:

Matthew Block	Office Staff
Bob Bruyn	Special Projects Committee Chairperson (current)
Tony Finstad	Special Projects Committee Member
Cece Forrester	Special Projects Committee Secretary
Scott Forsythe	Office Liaison
Bill Hazen	Special Projects Committee Member
Nancy Johnson	Typography
Jim Johnston	Publications Committee Chairperson
Barbara Kulieke	Special Projects Committee Adjunct
Marilynn Kulieke	Special Projects Committee Chairperson (former)
Jim McNelly	Special Projects Committee Member
Ken Raveill	Special Projects Committee Adjunct
Mike Wood	Special Projects Committee Member
