Dear Ed:

Re: Request of Urantia Brotherhood for
Use of Name "Urantia" and Also Use
of "Service Mark."

I enclose copy of letter received from William S. Sadler, Jr.,
President of Urantia Brotherhood, dated August 21, 1955, re-
questing formal permission to utilize the name "Urantia" and
the tri-concentric service mark.

Would you please advise me the proper procedure to follow in
giving them formal permission to use these; i. e. how should
the minutes of the Foundation read, as well as the nature of the
letter of permission to be written to the Urantia Brotherhood.

Under date of January 8, the original request was made by the
Brotherhood, and we informally, verbally, granted them permission
to use these pending advice from you as to how it should be
worked out in detail.

Would appreciate your early advice in this matter.

Very truly yours,

URANTIA FOUNDATION
