Dear Miss Thatcher:

In response to your recent letter we do not have a catalog as we publish only The URANTIA Book which sells for \$20.00, plus 42¢ for postage.

We do give to accredited bookstores a 40% discount whether purchasing singly or in lots of ten. I say this because the books come packed ten to a carton. For drop shipments our discount is 30%.

Your name and address is being sent to a leader of our study group in that area and he will communicate with you I am sure in due course. We do not have a sales representative in your area.

Very truly yours,

(Miss) E. L. Christensen  
Secretary
