Dear David:

Your letter to the Houston Society is a classic! Meredith and I had been hoping you would send it to the General Council and I'm so happy to learn that you have done so.

We have not heard from the Houston Society, but we are anxiously awaiting word since they should have received Meredith's Executive Committee Letter wherein he sets out his "intent".

Yes, you will see me at the conference for I will be there, you may be sure.

My love to you, Sue and Heather.

Sincerely,

(Miss) E. L. Christensen
Secretary
