To the Trustees of Urantia Foundation:

In answer to your communication dated August 1, 1990, but received in September.

We have always considered ourselves as friends of the Foundation. We will continue this attitude as we realize the importance of your position as guardians of the copyright and your need for the support of readers of The Urantia Book.

We received our Charter from Urantia Brotherhood on June 7, 1970. We have reviewed our Licensing Agreement with Urantia Foundation, which we signed April 30, 1978, and we wish to make the following declaration: We have never violated any of the twelve requirements stated therein, nor have we for the eight years prior to signing it as well as the twelve years since, ever committed any actions which jeopardized the copyrights or the registered marks, either as individuals or as a group.

- We feel it is unfair to be placed in this position, and unacceptable;
- 1) We don't want to give total allegiance to a new Association which is only proposed;
  - 2) We choose not to cancel out our solemn commitment made in the past with our established organization, Urantia Brotherhood (now known as Fifth Epochal Fellowship);
  - 3) And we reserve the right to fraternize with any organization we deem to be appropriate without asking permission from anyone.

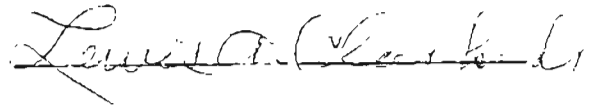

We understand that you will terminate our Licensing Agreement, and we agree to no longer use the Foundation's registered marks.

This decision was made at a formal society meeting held September 23, 1990.

Regretfully,

Evergreen Society of Washington

This declaration signed by Lewis A. Clark, Secretary of the above named society, for the society.
