Dear Friends of URANTIA Foundation:

We appreciate your continuing interest in our activities, and we think you might find the following information reassuring and helpful. It should answer a number of the questions which many of you have asked. Additional details, on these and other topics, will appear in our next newsletter.

*URANTIA Brotherhood Association.* The Trustees have approved a detailed concept paper and are now drafting the organizational documents. In addition, the Trustees would like for Friends to be involved during these early stages of the formation of URANTIA Brotherhood Association, and we are seeking ways to make this happen.

*Discretionary Discount Policy for the purchase of copies of The URANTIA Book or Le Livre d'URANTIA.* Enclosed is a copy of the brochure describing our discretionary discount policy. We believe that this program is a valuable aid to the person-to-person spread of the teachings of *The URANTIA Book*.

*Dissemination of The URANTIA Book and Le Livre d'URANTIA through normal distribution channels.* In addition to the discretionary discount policy, the Trustees are reestablishing our prior practice of direct relations with bookstores. We are encouraged by the substantial progress we have made since the first of the year. To the extent you wish to help with the implementation of this program, we encourage you to order books through your local bookstore. Also, you may wish to encourage a store in your area to participate in our book consignment program by speaking with the owner or manager. A descriptive flyer is enclosed.

*Finnish and Spanish Translations of The URANTIA Book.* The Trustees have recently begun the typesetting process for the Finnish and Spanish translations. We have already completed the art work for the dust jackets for both translations following the pattern of the new jacket appearing on the tenth printing of *The URANTIA Book*. Administrative Assistant Sheila Schneider and Trustees Richard Keeler and Martin Myers displayed the Finnish dust jacket and portions of the typeset Finnish text to the Finns at their summer meeting this June. It is, indeed, a thrill for us all to see the Finnish and Spanish translations materializing in this way. With proper funding, both translations will be available in 1993-1994.

*National and International Visits.* In addition to attending the Finnish meeting last month, Foundation representatives contacted readers in the United Kingdom and met with readers from Holland and France. Over the last year, Foundation representatives have traveled throughout the United States and to a number of other countries, and we hope to continue doing so.

*Articles of Interest.* We are enclosing a copy of an article written by a member of the Finnish URANTIA Society entitled *On Fanaticism, A Personal View*. We found it to be thought-provoking and felt it might be of interest to you.

This is all for now. Please watch for our next newsletter for additional information.

Cordially,

The Trustees of URANTIA Foundation  
Hoite C. Caston, K. Richard Keeler, Patricia S. Mundelius,  
Martin W. Myers, and Neal A. Waldrop III
