URANTIA FOUNDATION REPORT

by Special Representative Vern Bennom Grimsley

A. LEVIS AND "SAVE OUR CHILDREN": The two enclosed newspaper articles pertaining to name-useage and counterfeited tradenames have been useful in explaining the position of URANTIA Foundation regarding protection of the word URANTIA and the concentric circles symbol.

Photocopies of the articles are included for the Trustees' files.

B. A CENTER FOR ULTIMATE ATTAINMENT: As related in previous correspondences, my meeting with Mr. Alfred Bailey in Sacramento resulted in his assurances that he will endeavor fully to comply with URANTIA Foundation's position regarding copyright and registered marks, as well as the maintenance of a low publicity-profile. I was further pleased to read in Mr. Bailey's September sixth letter to URANTIA Foundation that he had considered our discussions "profitable" and "mutually enhancing." I was likewise pleased to read that he now apparently accepts our position and reasoning so well that he wrote "I am grateful for the denial of the request to copy portions of the book."

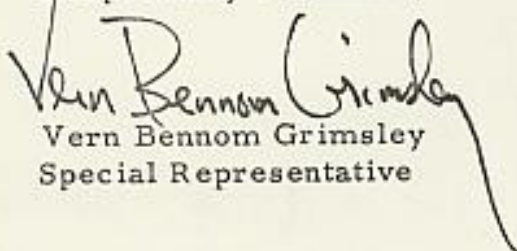

I plan to remain on Mr. Bailey's mailing list and will keep the Foundation informed of any of his future activities impinging upon our interests, but I anticipate no willful violations of copyright or registered marks by ACFUA. Any infringement or misuse will probably be inadvertant and unintentional.

C. URANTIA HEALTH MESSAGE. In light of "Urantia Message's" indication to our attorneys that they plan to change their listing in the Long Beach telephone directory, I am hopeful that this implies that they will also paint out their building sign and remove the small cardboard placards bearing the name from their windows. I shall continue my follow-up of this matter until we have achieved our objectives.

D. URANTIA TRADING CO. LTD. As I related in my last correspondence, Mr. Brian P. Daniels, Treasurer of the "Urantia Trading" Corporation, told me verbally that they will discontinue use of the word. Once our attorneys are notified of this intentions in writing, I have no further reason to doubt that our objectives will be achieved in this matter as well.

As always, it is a pleasure to work with URANTIA Foundation in the propagation and protection of this fifth epochal revelation.

Respectfully submitted,

  
Vern Bennom Grimsley  
Special Representative
