Dear Mr. Weiss:

In Miss Christensen's letter of November 5, 1957, to you she indicated that the matter of getting the Urantia Book translated into the French language was being carefully considered. She further stated some policies which the trustees of the foundation hold pertaining to any translations which might be made in French or other languages.

We had hoped soon thereafter to come to more definite programming of translations, but since we do not feel the time is yet ripe for such procedures I did not wish to delay further writing you this letter.

I repeat what Miss Christensen and others have stated in their correspondence with you that we are greatly interested and appreciative of the interest of your group.

I can see from your letter of November 13 that your group are positive and anxious in its desire to disseminate the teachings of the Urantia Book in your country and, of course, to make a translation available for that purpose. We just are not able at this time to be definite about any program in connection with any translations of the Urantia Book; and, therefore, cannot make any promises or inferences as to how this

will eventually be handled.

If you or any members of your group are in Chicago,
I hope you will contact me or others of the Urantia
Foundation or Urantia Brotherhood.

Sincerely yours

URANTIA FOUNDATION
