Dear Dick:

In answer to your letter of September 7 about the resolution to establish a fund for the Spanish translation, here is the situation.

The Triennial Delegate Assembly passed the following resolution:

Be it resolved: That a special fund be established and earmarked for the production of a Spanish translation of The URANTIA Book.

This went to the General Council, which passed it on to the Executive Committee to implement. The Executive Committee has not yet had a meeting to consider it. I have no way of knowing how they will handle it. There was some discussion about the wisdom of soliciting limited funds.

Since no positive action has been taken, I would suggest that you say nothing about it to your friends in Bogota. It might be too bad to get their hopes up and then have nothing happen - at least in the immediate future.

Lynne told us that you both had a great trip there.

Sincerely,

Secretary-General

Marian Rowley

Dear Marian:

On her return from the triennial, Julia Fenderson shared with me some of what transpired during the meeting. One result which I found extremely interesting was the resolution to recommend that the International Fellowship Committee establish a fund to be used to meet expenses for the spanish translation.

As you may remember, I was in Bogota, Colombia with the URANTIA group there in July. I correspond with the members on a somewhat regular basis, and I am eager to share this news with them.

Before I wrote them telling them what occurred, I wanted to be very sure that what I am telling them is completely correct. To this end, I would very much appreciate your providing me with a copy of the resolution on the spanish translation. I do not wish to tell these enthusiastic readers something which is inaccurate.

Thanks very much for your help. My best to you and everyone else at 533.

Sincerely,

Dick
