Dear Friend:

The accompanying issue of "URANTIAN News" contains an article on the Spanish translation of The URANTIA Book stating the need to raise \$350,000. This is the challenge we face.

El Libro de URANTIA could conceivably be on the shelves of bookstores by Christmas of 1986 if we, students of The URANTIA Book, are willing to make it happen. Seeds have been planted in Spain and Latin America over the last 30 years. Interested readers exist in many countries. Groups have already formed and are waiting to receive the book in their own language.

Please stop for a moment and reflect on how the teachings of The URANTIA Book have affected your life. How did you perceive the world and yourself before these teachings? What about after? Can you affix a price tag to the value of these teachings? Picture in your mind one person deriving the same benefit from these teachings that you have. How much is it worth to help even that one person, let alone the thousands and even millions of our Spanish speaking friends who will eventually embrace these teachings?

Now think about the opportunity for service that each of us has. All we need do is make a contribution to open this new chapter in the unfolding story of the URANTIA revelation. We now have an opportunity to share in a unique moment in our history.

We need the help of each and every one of you. Any contribution, no matter how large or small, is needed and appreciated. A pledge card and return envelope are enclosed for your convenience. Thank you for your help.

Sincerely,

Frank Sgaraglino
